

Twenty-Year Plan

1. First year housing (phase 2)
2. Classroom building
3. Classroom/lab building
4. Specialty housing
5. Specialty housing
6. Public safety complex
7. Hotel and conference center
8. West campus shared path (phase 2)
9. North campus shared path
10. Pedestrian connector
11. Chief Ladiga connector
12. Intramural fields
13. Track renovation
14. Tailgate expansion
15. Angle Hall lawn
16. Fitzpatrick Commons/
NPHC amphitheater
17. Gateway improvements
18. Outdoor recreation area

The plan graphic at left illustrates the capital projects targeted for the next twenty years. These include a mix of new academic, housing and support facilities and improvements to open spaces and bicycle and pedestrian facilities.

Buildings

Classroom Building

New multistory classroom building adjacent to the central quadrangle

Classroom and Laboratory Building

New academic building with laboratory spaces for science and engineering on the former site of Wallace Hall

First Year Housing Phase 2

Two new first-year dormitory buildings in the north residential village with parking and residential quad

Specialty Housing

Housing development with associated parking west of Salls Hall targeted for sorority and other group use

Specialty Housing

Continued development of fraternity and other group housing in Paul Carpenter Village

Public Safety Center

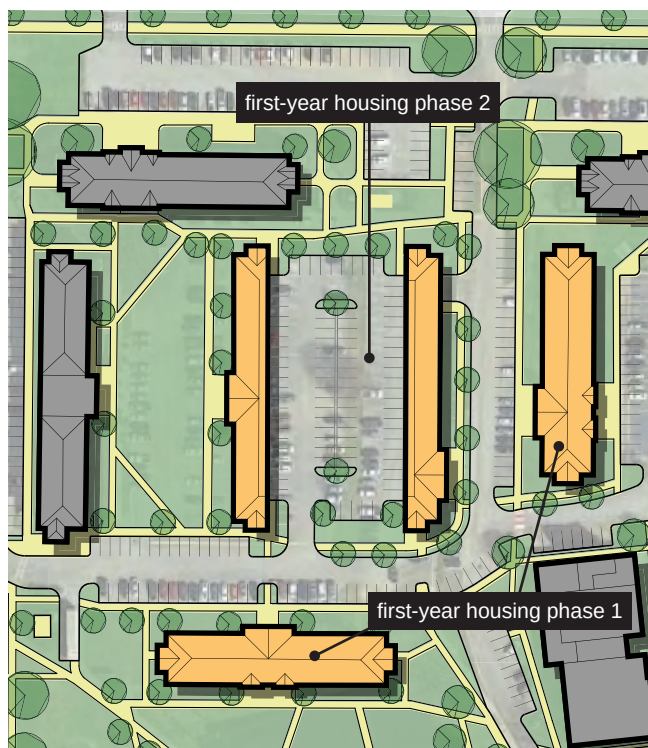

New building to house University Police jointly with a city fire station and new headquarters for Calhoun County Emergency Management Administration

Hotel and Conference Center

Hotel and conference center potentially located along Mountain Street as a catalyst for the proposed entertainment district

South Campus

Renovation of Brookstone Building for additional nursing programs

Bicycle and Pedestrian Facilities

West Campus Shared Path Phase 2

Extension of shared path from Chief Ladiga Trail to athletic complex and west campus housing

Pedestrian connector

Pedestrian path connecting from Mountain Street to the Kitty Stone complex in conjunction with development of the hotel and conference center

Chief Ladiga connector

Bicycle-pedestrian connection from Chief Ladiga Trail to Stone Center with sidewalks and sharrows along 11th Street

North Campus Shared Path

Improvements to create a connected shared path from the North Residential Village to Stone Center

Open Space

Intramural fields

Development of multiple intramural fields along Mountain Street

Track renovation

Renovations to existing track facility including new building

Tailgate expansion

Demolition of existing building services building to expand recreational vehicle tailgate area

Angle Hall Lawn

Seating, perimeter walkways and other open space improvements to the main campus lawn

Fitzpatrick Commons

Tiered seating and other improvements featuring an NPHC Garden making greater use of the sloping back lawn area

Gateway improvements

Relocation of Fleet Services and beautification of high-profile site with campus signage including improvements to adjacent bicycle-pedestrian path link

Outdoor Recreation area

Improvement of 13-acre hilltop site for varied outdoor recreation uses, e.g., disc golf, ropes course, walking and biking trail, etc.
