

GAMECOCK PARENT & FAMILY CONNECTION

The transition to college can be exciting, stressful, unknown, and transformative for your student and your family. The transition into adulthood and independence is not an overnight process. Your student will need your encouragement and support to be successful while at JSU. We have compiled a list of helpful reminders and updates to consider for you student's success at JSU.

Parents of Future Gamecocks

The Spring is a wonderful time for students to complete their next steps after admission and confirm their plans to enroll at JSU. The most important step is to register for orientation (required for freshman) which is where students learn how to be successful in college and register for summer or fall courses.

Next Steps:

Gamecock Orientation (GO!) registration is live!

All first-time freshmen under the age of 25 are required to attend GO! and it is strongly encouraged for first time transfer students. We encourage students to register for these events by May 1st to secure their spot and confirm their enrollment! You can register by visiting jsu.edu/go/register.

GO! is a one-day program designed to help students with the transition to college. During GO! students will meet other students, learn from faculty/staff, meet with an academic advisor, and register for classes. For more information visit jsu.edu/go.

The housing application priority deadline for new students is April 1st We encourage students to apply prior to this date if they are interested in living on campus in the Fall!

We highly encourage students to submit their FAFSA! The FAFSA is the only way for JSU to identify if a student qualifies for federal grants or loans. The federal maximum pell grant has increased to \$7,395 annually. JSU also uses information from the FAFSA to identify students who may qualify for JSU funded grants, like the Gamecock Enhancement Grant, and state funded grants. Don't let your students miss out on funding for their college education!
